

Thanks for downloading these print logos from Metal Type.

The main thanks, though, should go to Matt Henderson of Henderson Printing, 7627 B Hull Street Rd Richmond, VA 23235, USA for making these illustrations in editable vector art EPS format.

This download contains medium-resolution jpegs, but if anyone would like a higher resolution version, or a customised image please contact Matt at <http://www.hendersonprinting.net>

Matt is hoping to recreate more logos in the future.

## **OTHER SITES THAT MAY BE OF INTEREST**

### **ClipsVille**

Bringing you the very best in video clip entertainment – selected by editors and changed on a daily basis.

### **Northrail**

News and lively discussion on all issues affecting rail jobs and services in the North of England.
